SKILLS

Programming:
HTML, CSS, CSS Preprocessors (Sass, Less) JavaScript, React.js, Bootstrap, DOM, Websocket, Context API, React Hooks

Project Management:
Git, GitHub

Soft Skills:
Teamwork, Good at Problem Solving, Eager to Learn New Technologies

WORK EXPERIENCE

Frontend Developer   February 2023 – February 2024

Uzel Bilişim A.Ş.   Istanbul, Turkey

- Design web pages using HTML and CSS.

- Use Bootstrap for dynamic and responsive design. Achieved a pixel-perfect implementation of the design.

- Develop functionality and dynamism with JavaScript and React.js.

- Implement state and lifecycle management with React Hooks.

- Manipulate the components with DOM for function and dynamic responses.

- Integrate the Context API to create a shared context and then wrapped all relevant child components within a container component to make that context accessible to them.

- Implement Websocket to accelerate the communication between client and server

- Integrate React Router into the application's architecture, empowering it with dynamic routing capabilities. Define URL extensions for components and made redirects to make the system more organized.

- Use Git and GitHub for version control.

Software Engineering Intern   January 2023 – February 2023

Uzel Bilişim A.Ş.   Istanbul, Turkey

- Developed web pages using HTML and CSS.

- Design made with CSS, updated using Bootstrap

- Used Git and GitHub for version control.

Software Engineering Intern   August 2022 – October 2022

Clockwork Agency   Istanbul, Turkey

- Transferred information data of movies from APIs to mobile application.

- Developed Simple mobile applications with React-Native.

EDUCATION

Bachelor of Engineering | *Electronics and Communications Engineering*   October 2018 – April 2023

Kocaeli University   Kocaeli, Turkey
